

NASA ICESat-2 Mission Hands-on Open House

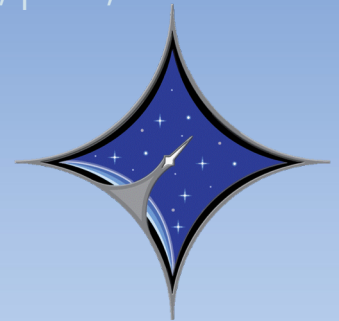

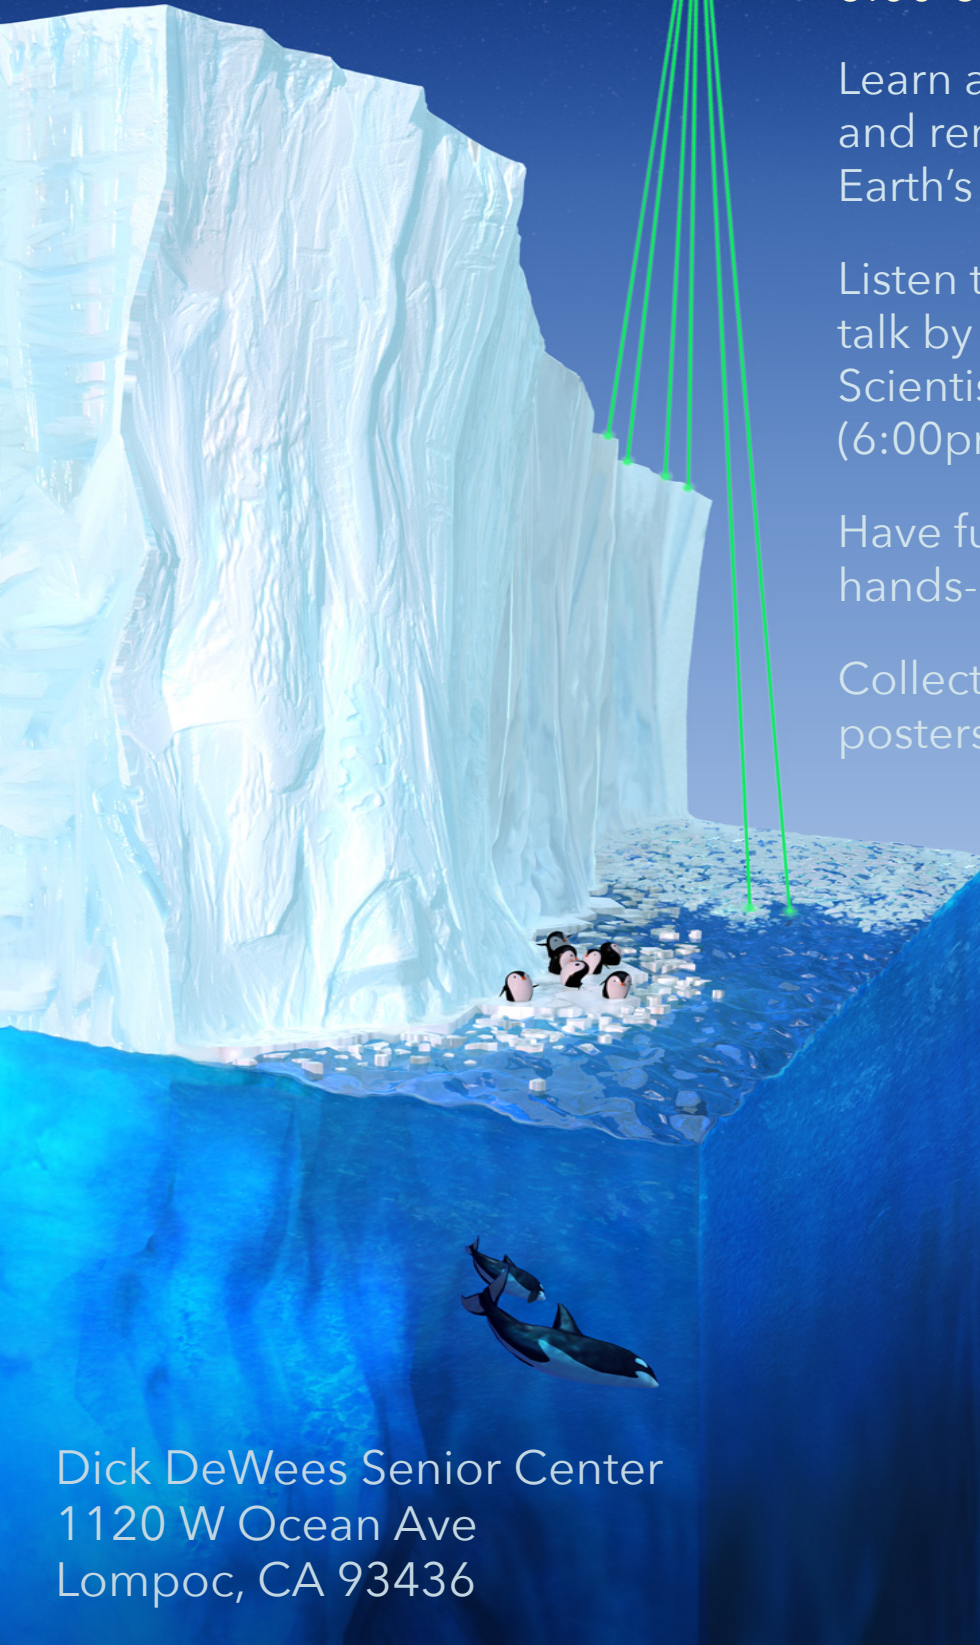

Thursday, September 13th
5:00-8:00pm

Learn about lasers, rockets,
and remote sensing to map
Earth's heights!

Listen to interactive science
talk by ICESat-2's Laser
Scientist, Dr. Tony Martino
(6:00pm)

Have fun at interactive
hands-on booths!

Collect mission stickers,
posters, pins, and more.
